14. City Representatives

- India Bailey, Chief of Staff for Hunter Williams, Councilor, District 2:

- 70 12th Ave S was discussed: the property owner was cleaning up some of the overgrown brush. Besides the creek and the landslide risk, cutting down of trees in that area will incur a fine from the federal government as it is a bat wildlife habitat. They requested Katrina Watson of PEP to notify us if a permit is pulled for redevelopment of that property.
- Construction has started on the sidewalk extension that connects to the Clairmont Trail. On the east side, it is going to connect to the sidewalks that go to Forest Park. In the middle, at 52nd St, it will go over the ridge, past Trinity, to the sidewalks on Montclair. On the west side, it will extend to 56th St, go down the hill to the Filling Station, and on to Woodlawn.
- We haven't heard anything back from BDOT about the speed cushions on Cresthill Rd that were requested previously.

- Valerie A. Abbott, Councilor - District 3: not present
- School Board: not present

17. Updates about the Neighborhood

- Joyce McKinnon (along with Elizabeth Murray) added to what India spoke about, in regards to the property at 70 12th Ave S.

- Request for stop sign has been made for the intersection of Lincrest and Clairmont.
- We spoke about how hard it is to cross Crestwood Blvd and that it's controlled by ALDOT, not BDOT. The tunnel is in too bad of a shape to be reopened and it floods.
